X. WARNER SELMA

X. AWD X. LECTURE OFFER  
2 October 1961

MEMORANDUM FOR THE DIRECTOR

1. This memorandum recommends action in Paragraph 5.
2. Selma Warlick Warner, Director of the Columbia Lectures Bureau, The Glessen Management, Inc., 111 West 57th Street, New York 19, New York, (Columbus 5-0862), asks if she may come in and see you tomorrow, Tuesday (3 October 1961) or on Thursday (5 October 1961). She wants to discuss with you the possibility of a contract with you to do a series of lectures throughout the United States. She has written and telephoned on several occasions and has been informed that you appreciated her interest but did not wish to consider the subject while you are Director of Central Intelligence.
3. She says she would like to explain to you how the Bureau that she directs functions and let you know that they have represented such people as Trygve Lie, Richard M. Nixon, Clare Boothe Luce, John Davis Lodge, Estes Kefauver, Sir Gerald Campbell, Dr. Arthur Larson, James (Scottie) Reston, and many others.
4. Whether you see her or not would depend on your future plans, which may not include a lecture tour, but it might be worthwhile to listen to her offer.
5. Recommendation: That you see Miss Warner at a time convenient to you tomorrow (3 October 1961) or Thursday (5 October 1961).
